We provide information and advice on:

- Special Educational Needs (SEN) assessment and the statementing process
- Local and national voluntary organisations that provide help for parents and children
- Exclusions-the procedures, legal rights and how to appeal
- Benefits, grants and financial assistance for children with special needs/disabilities
- Services for children and educational needs
- What to consider when choosing a school
- Communication with schools, the local education authority and health and social services
- Local activities and groups for children

Our team of advisers and trained volunteers come from a mixture of backgrounds and can:

- Listen to your views
- Explain how the system works
- Suggest who you need to talk to
- Put you in touch with other sources of help and information
- Assist you in writing letters and making phone calls
- Support you in expressing your views
- Put you in touch with interpreters and translators
- Act as a mediator

Our support and advice is free, confidential and independent
